For Western Zone Details of Hockey Playoffs Announced

REGINA, March 12.—(CP)—Al Pickard, vice-president of the Canadian Amateur Hockey Association and in charge of western playoffs today announced the details of the Western Canada amateur hockey playoff schedule.

MOOSE JAW AND WINNIPEG came up in the western final first two games of the best-of-seven round in Winnipeg, next two in Moose Jaw, and the balance in Regina.

Should Moose Jaw and Port Arthur clash, first two games are in Moose Jaw, the third in Winnipeg, and the balance in Port Arthur.

IF EDMONTON AND WINNIPEG meet, the two cities will share "second" in the Canadian final. If the series will start because of the senior schedule, but if the Edmonton rink is available, at least two games will be played there.

Should Edmonton and Port Arthur win it will be necessary to arrange venues and dates when the availability of rinks is more clear.

MR. PICKARD SAID THAT in any case the western junior champions must open the Canadian final in Toronto on April 12.

In senior company, Winnipeg and Port Arthur open a best-of-five round at Port Arthur March 16 and 18, with other games to be decided later. Winner of this stretch 16 and 18 will be in Alberta not later than March 26.

'Every Reason' to Do It

Kesselring Defends Bombing Of Warsaw and Coventry

By WALTER CRONKITE

Exclusive to The Edmonton Bulletin

NUERNBERG, March 12.—(BUP)—Marshall Albert Kesselring told the German High Command today that the German Air Force had "every reason" to bomb Warsaw and Coventry.

KESSELRING was called as a witness by Reichsmarschall Hermann Goering. He wore the blue uniform of the Luftwaffe with solid buttons but no insignia.

While defending the Nazi aerial onslaughts that wrecked Warsaw and Coventry, Kesselring claimed that a like bombardment of Rotterdam after Holland capitulated was "really an accident" which happens to every country much more often than people realize.

Kesselring said Warsaw was bombed by the Luftwaffe on May 19, 1944, and Coventry on November 14, 1940. He said that the city was bombed by the Luftwaffe on May 19, 1944, and Coventry on November 14, 1940.

He said that the city was bombed by the Luftwaffe on May 19, 1944, and Coventry on November 14, 1940. He said that the city was bombed by the Luftwaffe on May 19, 1944, and Coventry on November 14, 1940.

Imperial Oil Officials Visiting City

Revenue Minister Says 50% Slash in Budget Possibility

RENEW, Ont., March 12.—(CP)—Revenue Minister McCallan in a speech before his constituents here last night forecast a 50 per cent reduction in income, corporation and excess profits tax and said the budget would be sharply cut.

THE NEW BUDGET contains drastic cuts in expenditures and probably reduced taxes," Dr. McCallan declared. At another point in his speech he estimated the budget might be cut 50 per cent.

"The budget," he said, "will be reduced. It is hard to say how much. We cannot know until after the Dominion-provincial conference, but it should be down some 50 per cent."

The minister added that income tax would be slashed by 16 per cent and "we can look forward to further reductions but the tax rate is dependent on the people and the services they demand. The more social services the more taxes."

DR. MCCANN described himself as Canada's biggest tax collector. His department was largely one of administration and not very remunerative. He said that the government would be making an announcement about the budget in the near future.

When parliament met an announcement would be made on the budget. "I think we can look forward to these services."

He said that the government would be making an announcement about the budget in the near future.

Soviet Warns Nothing To Sway It From Path

By EDWARD V. ROBERTS

Exclusive to The Edmonton Bulletin

LONDON, March 12.—(BUP)—Soviet Russia warned the United States and Britain today that neither the atom bomb nor any other weapon would sway it from the "legitimate" and necessary aim of making a new world frontiers secure.

AN ARTICLE in the government newspaper Izvestia by Eugene Aron, a noted Soviet journalist, said that Russia intended to follow her chosen path without deviation. It stated that the Soviet Union would show strength against Russia and Britain under a "fatal road."

For the second day the Moscow press and radio piled new attacks upon the head of Winston Churchill and the Anglo-American military alliance, but proposed as a check to Russian expansion.

THE SOVIET UNION is firmly determined to secure its frontiers, and in trying to achieve this most legitimate and necessary aim it will not yield to any threats of Russian expansion.

The proposal was made in a statement issued at a weekend conference of the council which concluded yesterday. It was a statement issued dealing with international relations and the situation in Europe. It stated that the Soviet Union had received demands of labor for shorter hours without reduction in wages. Long-term floor prices had been established for the establishment of long-term floor prices and the continuation of agriculture during the war.

ON AGRICULTURE the council said that the government was determined to secure its frontiers, and in trying to achieve this most legitimate and necessary aim it will not yield to any threats of Russian expansion.

Firm's President Here

Imperial Oil Plans Vigorous Exploration Program in 1946

With such a "tremendous sedimentary area" to explore in western and northwest Canada, Imperial Oil Limited intends to carry out a program of exploration and development during 1946, fully as extensive as in previous year, Henry H. Hewetson, president of the company, said in an interview here Tuesday.

MR. HEWETSON, elected president of Imperial Oil Ltd. in 1945, is in Edmonton with a party of top officials of the company from the head office of the company in Toronto, and chief engineers and research scientists from Sarnia laboratories of the firm.

Without going into details, Mr. Hewetson said the company is "very interested" in current research being carried out on the extraction of synthetic fuels, gasoline and other petroleum products.

"ANY PRESSURE THAT will reduce the price of petroleum products to the people in this great country," he said, "is a matter of great concern to the company."

He said that the company is "very interested" in current research being carried out on the extraction of synthetic fuels, gasoline and other petroleum products.

Two Officers Are Cashiered: Go to Prison

LONDON, March 12.—(CP)—Capt. D. W. Thompson and Capt. Stanley Landell are to be cashiered and sentenced to prison and Lt. Col. Philip Tedman is to be dismissed from His Majesty's service.

The three Toronto officers were found guilty of the findings of a court martial into charges against the three Toronto officers.

Capt. Thompson was sentenced to prison without hard labor for two years. Capt. Landell was sentenced for one year without hard labor.

Capt. Thompson was found guilty of stealing two cars and eight petrols and being improperly concerned in trafficking in liquor.

Capt. Landell was found guilty of stealing two cars and three petrols and being improperly concerned in trafficking in liquor.

Capt. Tedman was found guilty of stealing two cars and three petrols and being improperly concerned in trafficking in liquor.

The court martial had inquired into charges against the three Toronto officers in connection with the operations of the Canadian Army Personnel Control Committee in Holland.

Lt.-Col. Tedman is the former chairman of the committee set up to provide entertainment for servicemen on the continent.

Turns Producer

Beautiful Anna Neagle, top British film star, has branched out into movie producing. With her manager, Herbert Wilcox and Arthur Jarrett as partners, Anna has signed an agreement with British Lion Film Corporation to produce movies on an independent basis. A four-year program calls for two movies a year and the partners plan to spend \$10,000,000 in that period.

The registration fees and the annual fees, Dr. Cross explained, form a portion of the 40 per cent of services which is assumed by the province.

Any type of health service may be covered by the terms of the bill, the minister said. Hospitalization, medical, dental, nursing service and the provision of drugs may all be taken advantage of, if any district extends services that far.

However, the bill makes exceptions to avoid duplication of services already available under the Workmen's Compensation Act and the Alberta Tuberculosis Act.

Medical cases in the bill provide for machinery necessary to take care of the registration of all adults within the proposed district, methods of collection of fees, legal liabilities and other details.

The bill goes into detail as to the methods to be employed to set up the proposed hospital districts, under the jurisdiction of the department of health.

A DIRECTOR OF HEALTH insurance and other necessary clerks and assistants would be appointed to attend to the administration of the act.

It would be the duty of the director to report on proposed health insurance districts to the minister and to consult with local authorities and others interested in formation of such a district. Should he deem it proper the minister may, with permission of the government-in-council make arrangements for the establishment of a hospital district in a proper area.

There is no provision made as to the size of a district which will vary with local conditions.

THE MINISTER ALSO has power with the advice of the lieutenant-governor-in-council of appointing advisory committees, making agreements with hospitals and doctors as well as with the federal government in regard to the disposition of grants.

Before an insurance district can be established, provision is made for preparation of a hospital scheme by the director, the advertising of the scheme and the taking of a vote among qualified electors of the district, 60 per cent of whom must signify that they are in favor of the establishment of such a district.

The bill also provides that any expansion of services above those contemplated in the original scheme must also receive the endorsement of at least 60 per cent of the voting electorate.

THOSE WHO MAY TAKE advantage of the scheme are adults who have paid the prescribed annual fee and who are resident in the insurance district and who have lived in Alberta for at least 12 months on condition that the mayor or a

Fear Pitched Battle

Rival China Forces Massed at Mukden

By REYNOLDS PACKARD
Exclusive to The Edmonton Bulletin

PEIPING, March 12.—(BUP)—A pitched battle for Mukden appeared probable today between 50,000 Chinese Communist troops massed outside the ruined Manchurian industrial centre and a smaller Nationalist force, dug in and awaiting reinforcements.

RELIABLE DISPATCHES from Mukden reported that an additional 40,000 Communist troops were converging toward Mukden.

A Central News Agency dispatch from Harbin, 315 miles to the north-east of Mukden, said that more than 10,000 Communist troops were assembled 15 miles outside the city ready to move in if Russian troops vacate it.

A communiqué from Changchun, announced that bipartisan field teams will be dispatched into northern China to effect a full settlement between the Communists and Nationalists.

A CENTRE NEWS AGENCY report from Changchun quoted the Russian chief-of-staff as saying the Soviet troops would not be able to withdraw from Changchun and Harbin for the moment because of a shortage of coal.

The Soviet officer said Mukden was evacuated because the Chinese had made it known that they were unable to hold over the city.

There was little optimism here over a political settlement. Communist-Nationalist dialogue, and heavy fighting seemed probable.

The central news agency said that the Anglo-American powers, including the United States, were remaining in Mukden with arms.

Information available at Gen. Chu Teh's headquarters here was that the Russians had evacuated the detachment of railroad guards to protect Soviet communication and the British wartime premier, on route to Dairen and Port Arthur.

Based on my recent visit to Mukden, I would make an estimate that 22,000 crack frontline Russian troops were still in the city.

THE CHINESE REDS massed around Mukden were reliably reported to be under the command of the ace Red commander, Gen. Chu Teh. Their movements could be observed from the centre of Mukden.

Gen. Peng Bing Sang commands the Nationalist force in Mukden. When I talked to him in Mukden a few weeks ago, he said troops were ready to deal with the Communists if they try to challenge our authority.

When the Russians began evacuating Mukden, they sounded all fanfare except the fact that the Nationalists were giving up the city. The Chinese Communist signal that the evacuation had begun.

The income from \$5,000 is to feed wild birds around the city during the winter months. The income from \$15,000 will go to conservation of wild animals and game fish. A fund of \$100,000 will provide for planning and replacing some of the highways leading into Toronto.

Among other bequests was \$5,500 purchase of a logpile of Canadian timber for the Central Technical school; \$80,000 for maintenance of the Bystrane Foster Memorial at nearby Uxbridge.

THE WILL NAMED 37 relatives receiving a total of about \$175,000. None of the relatives receives more than \$25,000. The will also provides for any relative protests that will, that is to be distributed.

He was elected to parliament as a Unionist member for York in 1917 but was defeated as an Independent in the federal election of 1921.

Soviet Warns

(Continued from Page 1)

any subterfuge, nor to any act of the most modern weapons," Ivestia said.

The article added that Russia will tread its own road without turning aside, without encroaching on other people's interests, and without conceding those which are its own.

A British United Press dispatch from Moscow said the Ivestia article was considerably stronger and stronger than Pravda's editorial attacking Churchill yesterday.

It said Tarie answered Churchill point by point.

TARIE'S GENERAL conclusion was, "we won't permit a repetition of the mistakes of 1914 and 1917, the mildest preparations to attack our frontiers."

There was no direct mention of the atom bomb by name, but twice Ivestia said "the most modern weapons."

It drew attention to Churchill's suggestion that the Anglo-American powers prepare the most modern weapons.

It said the Russians would not be swayed by such devices.

IZVESTIA condemned as "dangerously incorrect" the theory that the Russians respect only force.

"Nothing could ever irritate the Russian people more than an attempt to intimidate it," the article continued.

Then, pointedly, Ivestia said that was just such an attempt that Gen. Adolf Hitler.

The Ivestia article took in even harsher terms than yesterday's attack on Churchill's speech.

It drew attention to Churchill's suggestion that the Anglo-American powers prepare the most modern weapons.

It said the Russians would not be swayed by such devices.

IZVESTIA condemned as "dangerously incorrect" the theory that the Russians respect only force.

"Nothing could ever irritate the Russian people more than an attempt to intimidate it," the article continued.

Improvement Program Is Planned For Woolworth Company Stores

The F. W. Woolworth Company Ltd. has plans for an improvement program for many of its stores across Canada, according to a statement Tuesday by the company's general manager for Canada, H. J. Cook of Toronto.

MR. COOK, ACCOMPANIED by A. E. B. Munro of Toronto, arrived in Edmonton Tuesday morning in the course of a general inspection tour of Woolworth stores in the west.

He would not confirm whether Edmonton was included in the proposed improvement and expansion program of his firm.

"WE HAVE LOCATIONS across Canada where we intend to improve our present stores, but I am not prepared to state when this project will begin," declared Mr. Cook.

The general manager in discussion of his future possibilities of Edmonton with Walter Scungie, manager of the Edmonton branch, said, "If we have faith in Canada we must automatically have faith in Edmonton, and I believe we all have faith in Canada."

He said he expected a "great development of the north" and that benefits accruing from northern expansion "would be reflected widely" in the City of Edmonton.

LATER IN THE INTERVIEW Mr. Cook named Vancouver as one of the cities where he expected a "great development of the north" and that benefits accruing from northern expansion "would be reflected widely" in the City of Edmonton.

He said he expected a "great development of the north" and that benefits accruing from northern expansion "would be reflected widely" in the City of Edmonton.

He said he expected a "great development of the north" and that benefits accruing from northern expansion "would be reflected widely" in the City of Edmonton.

Point Chosen by the Company For Woolworth Stores

It is considered significant, however, that he is accompanied by the company's superintendent of operations, and that the two officials are holding sustained conferences here with Mr. Scungie, the local manager.

Mr. Cook said that merchandise in the situation could be expected in the future policy of the Woolworth company, and they would continue merchandising in the low-price field, he said.

The two officials were due to leave Edmonton Wednesday for Vancouver.

Today's Sport Parade

MIAMI, Fla., March 12.—(AP)—Minnesota Tommy O'Loughlin, manager of heavyweight Elnor (Violent) Ray, charged yesterday that his boy wasn't given a "break" in New York because the Florida negro punches hard enough to shatter Mike Jacob's monopoly of maul.

A dapper, black-haired Irishman, Minnesota Tommy, is trying to talk his way into a shot at any of the so-called "name" heavyweights.

If it works, he is certain that the explosive punches of the violent one will force Uncle Mike to match the re-christened Elnor with the winner of the Louis-Cronin bout.

Tommy, however, isn't very confident.

"THEY DON'T WANT a good heavyweight in New York who won't take orders," he said, his blue eyes snapping. "They want close matches which will sell for five minutes because Mike has a weekly radio contract for fight broadcasts and good fighters are scarce."

But Ray goes out there and knocks them flat so fast that there is a virtually no broadcast.

The handsome, fast-talking man, however, believes devoutly that if his one-time battle royal boy ever was given an opening he would make it right through the ranks—including Elnor. And there is no denying it, either, he claims, because if that happened Jacob no longer would have the heavyweight crown tied up nearly as his personal promotion plan.

RAY A HASTINGS, FLA., product, who has been going like a prime fire ever since O'Loughlin took him over two and a half years ago, was given two chances in New York.

"He was too good," Tommy mused. "Jacob mugged him with Johnny White last spring and flattened him in one round. They put him against a Negro named Shammas O'Brien in the second fight and Ray suffered him in four rounds. I asked for one of the top white fighters then—Lee Omsa, Fami Marmar or somebody in that class—and got the quickest answer you ever saw. They know Elnor was too good."

There must be something in what Minnesota Tommy has to say, because his fighter has won his last 26 starts, felling 33 of those customers inside the scheduled distance. All of which is a testimonial to O'Loughlin's managerial skill, for Ray was a grizzled puncher but when Tommy picked him up, he was the best ever.

Elnor proved that a long time ago, in Florida's legal battle royal where 10 men are put in the ring and winner takes all. Ray had a system that let him win 43 out of 50 free for alls. In these bouts, the usual order is for the little guy to start on the biggest man and work down the bating order in that manner. Elnor simply dropped to the floor when the bell sounded, crawled to a corner, placed his back against the ropes and took the whole gang as it came at him.

In between picking up these punies and acting as a sparing partner, Ray wrestled against the side to give tourists a thrill, which should prove he'd be no fainting fighter against Louis, because those alligators don't wreathe with a preconcurred plan like the regular mat behemoths. One slip, brother, and you're an ex-alligator wrestler.

ONE OF THE PECULIAR things about Elnor is that his eyes cross when he fights, although at other

times they're perfectly normal. Minnesota Tommy denies that it's a new sort of "evil eye" attack.

"He does all his boxing with his hands," O'Loughlin asserted. "May be most of those 36 guys we've beaten were stiff but they were the best we could get. Elnor was the fight and beat anybody, even Joe Louis or Billy Conn."

He might, too, because anybody who will be laid to an alligator isn't going to roll over and play dead, even for John's Joe.

Best In 4-Ball Event

MIAMI, Fla., March 12.—(AP)—Virginia's Stammin' Sammy Sneed, was being hailed today as perhaps the person who will become Mr. Golf in 1946, despite the Nelsons and the Hogans.

With teams of Sammy Byrd, of Detroit, Sneed lost to Benny Hogan of Hershey, Pa., and Jimmy De-maret of Houston, Tex., in Miami's \$5000 international four-ball golf tournament Sunday, but it was the Hot Springs, Va. golfer who was almost unanimously picked as the outstanding player in the 21st annual affair.

Sneed stood beside the 35th fairway, 175 yards from the pin, Sun-day, to send a screaming five-iron shot within two feet of the hole and sink the putt for a birdie three to take the hole and his team back in the running.

Again on the 56th, it was Sneed who on his second shot planted his ball closest to the pin and his must-serve birdie. But he hadn't counted on Hogan. The Texas stepped calmly to the pin, 26 feet from the hole, studied it and then slapped it into the cup. Both Sneed and Byrd were on a two and a half shot could have made a birdie, but Hogan's three made it unnecessary for them to shoot and they were conceded the try.

Sneed is called the greatest of the great of the winter circuit, and in the semi-finals of the tournament, Sneed and Byrd were defeated by 40 holes before defeating the Nelsons and Harold (Dad) McSpaden.

Between shots the longer you have to concentrate the more you concentrate. As you get older it becomes increasingly difficult to concentrate over such long periods of time. Looking back through the records you'll find slow players who were champions for long because eventually they deliberately affected their game. Young players should learn to step up and make their shots with swiftness and dispatch so that as they get older their diminishing ability to concentrate over long periods of time won't affect their game as much.

I CAN REMEMBER a time when my own game was slow, but after I saw Walter Hagen and Gene Sarazen in an exhibition match I speeded it up. George Duncan, the former British Open champion and one of the fastest players in the game, used to say, "If you're going to miss them, miss them quick."

Frankly I think they're right. Amateur championship one player was so slow that the USGA officials called him on the mat and told him he was taking too much time. On one hole this particular player's ball was to the right of the green in a poor lie and after changing clubs and walking back and forth to the green for about ten minutes he finally made a very bad putt. John Kieran, then sports columnist for the New York Times, reported that a little tree grew in back of the ball while the player was delaying the game and gave him an unplayable lie.

GENE SARAZEN, to my mind is one of the fastest players in the game. I met Gene in one of the matches I played on my way to the 1943 PGA championship. Gene was 44 years old, but he has lost none of his ability and played 18 holes in one hour and ten minutes.

Still think even today Walter Hagen, Bobby Jones and Gene Sarazen could play 18 holes on any golf course in the country in from two and one-half to three hours and still be respectable scores.

As an ex-caddy I can remember when we got paid by the hour, 20 cents for the first hour and 15 cents for the second. Some of the caddies used to play so fast to keep down the caddy fees that we had nicknames for them such as "Speed Demon," "Merchandise," "Limited," "Charley Paddock," etc. Maybe such a system would solve the traffic jams on the public courses today.

My advice to golfers is to speed up your play. I know by experience you will save strokes as well as time.

Joe Pyle Scores Impressive Kayo MONTREAL, March 12.—(CP)—Joe (K.O.) Pyle, New Waterford, N.S., battler, registered a convincing fifth-round knockout over Montreal's Jacques O'Halloran last night in a ten-round main fixture here. Pyle weighed 142 1/2 lbs. and O'Halloran 128.

Other results: Jimmy Dow, Saskatoon, 170, outpointed K.O. Boisvert, Asbestos, Que., 160.

Special Playoff Junior Cage Loop

The Bees and Jays failed to break the tie for league leadership in the Junior Girls' Basketball League games at McDougall gym last evening. Jays and Bees each won two games, necessitating a playoff next Monday to decide the holder of the league trophy.

Although the Cubs put up their best battle of the season, and collected 19 points to take second place behind the Jays' 21 points, they could manage to top only one game. The Aces lost two also.

Alberta Fastball For Current Year

CALGARY, March 12.—(CP)—Major A. H. Norrington of Calgary is co-president of the Alberta Fastball Association at the annual meeting held here Sunday, with William Klusky of Medicine Hat, Capt. I. A. McMillan of Edmonton and A. V. MacDonald of Lethbridge named as vice-presidents.

In addition to electing officials for the current year, the association will hold a series of matches in the small diamond sport, the meeting accepted rules and constitution of the Western Canada Fastball Association. Subject to minor revisions, retained previous year's limit of 18 years.

In a unanimously endorsed resolution, the association indicated it would continue to allow professional players in all sports to play amateur football—the sole stipulation being that they receive no remuneration for their services on Alberta fast ball diamonds. The resolution also indicated the association would not acknowledge jurisdiction over its competitors by any other organization than itself and the Western Canada association.

OTHER OFFICIALS who will take active charge of various fast ball activities this year include: Past President W. H. Dineen, Calgary; President, H. H. Norrington and C. Hollingsworth, Edmonton.

Chairman, rules committee, Tom Kerr, Calgary.

District organizers—North, Blake Barker, Edmonton; central, Eric Lawton, Calgary; south, Chas. McIntosh, Lethbridge; military, Capt. Selar, Calgary.

THE ASSOCIATION'S purpose is to promote the development of fast ball in the province and to provide a means of entertainment for the public.

NEA

By HARPER PROWSE, M.L.A.

NO THINKING person can view the growing demand throughout the world today for security, from the cradle to the grave, without wondering how much this is going to cost us and what we will have to give in payment. No thinking person, having wondered this much, can escape the conclusion that it seems pretty certain that the price of this security is going to be individual freedom.

THE PICTURES which have been painted for us, the promises which have been made are most attractive - suspiciously attractive. The propaganda has been slow, steady and skilful, and terribly, terribly effective. Without any intention of being too long, it has been happening, when it started, or where it will end, the entire philosophy of life of most of the present generation has been changed. So complete has been this transformation that one cannot help wondering whether it just happened, or whether it was engineered.

The most disturbing thing about it is the fact that all the things we were looking at pictures, listening to the promises, hearing about the brave new world which awaited us in the future - at no time did anyone ever put the question before us for the asking - and there is still no mention of payment.

EDWIN BUT SURELY all those things which were once considered to be the privilege of the few have now become the duty of government. Once it was the privilege of the few to have their

1,731 War Veterans Receive Allowances

The increase of 111 veterans receiving allowances over last week's total, considering the rate at which the allowances are being paid, is charged, J. W. Proctor, district administrator, department of veterans affairs, said Monday.

FIGURES show that there is a total of 1,731 war veterans receiving allowances. Mr. Proctor said that the department expects to increase the number of allowances when the spring and summer campaign projects get underway.

The DVA official expressed the desire to see that every veteran something so that they might have their period of entitlement for a pension greater than the

The increase in the number of allowances is due to the fact that the department is now able to pay allowances to a larger number of veterans than in the past. This is due to the fact that the department is now able to pay allowances to a larger number of veterans than in the past.

Drama Evening

The Canadian-Soviet Friendship Committee is presenting an evening of drama at 8:15 p.m. Tuesday, directed by Mrs. Elizabeth Sterling. The play is "The Russian Technique of Deception."

Approve Sale of City Acreage To Local Firm

CITY COUNCIL Monday approved the sale of 88 lots in the Connaught estate acreage to the local firm, J. W. Proctor, for \$150,000, and referred to the bylaws committee the sale of 100 lots, real estate agent, of \$120,000 for the north-west corner of Jasper Avenue and 92 street.

THE AVERAGE PRICE of the 88 lots sold to the Proctor company was \$170, while the average selling price of these individual lots was from \$200 to \$400. The reduction in price is accounted for by the fact that it is estimated the purchaser will have to spend \$80,000 to \$90,000 in leveling and grading.

Under the terms of the sales contract the city will have to do all the local improvements, which will be made against the purchaser's cost. The city will also be responsible for the sewer and water mains and connections will cost about \$200,000.

THE LAND is very uneven, which necessitates a large amount of grading and the city council members reported it was better to deal with the area as a unit rather than to try and sell individual lots.

IN THEIR REPORT recommending the sale of the Connaught estate to the Proctor company, the city council members stated that the building of about 50 good houses in this subdivision will be a great benefit to the city.

THE CITY is also planning to build a new bus route through the area, which will be a great benefit to the city.

Will Raise Taxes Some Fur Farmers

Fur farmers whose land holdings are being taxed on the basis of a business, according to a bill to amend the assessment act, which appeared before the Legislature Monday night for Calgary, will have to pay a higher rate of tax.

THE BILL was introduced by Mr. J. W. Proctor, M.L.A., and is intended to raise the tax on fur farmers whose land is used for business purposes.

City Man Named To Council Body

William Pettigrew, YMCA official, has been named to the board of the Religious Education Council of Alberta, at the organization's annual meeting held Saturday.

MR. PETTIGREW is a well-known community leader and has been active in the YMCA for many years.

Discharged Vet Visits Parents

Sgt. Leo Gangel, who recently was discharged from the American Army, is visiting his parents here. He is the first of the 100 soldiers who have been discharged from the American Army.

Steady Interest Is Shown in Vets' Training-on-Job

A steady interest in the "training-on-job" campaign, although progress is slow, declared J. W. Proctor, district administrator, department of veterans affairs.

Peace Efforts Need Support All Canadians

"We must support peace in all its phases; work must be found for all, and a roof over their heads," were the words of James C. G. Macdonald, M.L.A., at a meeting of the League of Nations in Ottawa, Monday.

THE LEAGUE is a non-partisan organization which is dedicated to the promotion of peace and international cooperation.

Sees Improvement Store Merchandise

Steady improvement in obtaining store merchandise of all kinds has been noted in recent months and the city council members reported it was better to deal with the area as a unit rather than to try and sell individual lots.

THE CITY is also planning to build a new bus route through the area, which will be a great benefit to the city.
